CALL BLOCKING

A. GENERAL

Call blocking is a service which allows residence and nonresidence customers of the Telephone Company to request the Telephone Company to block the origination of direct dialed 0/1 + 900,700 and 976 "dial-it" type services. (T)

B. REGULATIONS

1. Call blocking is available only where facilities and conditions permit and where necessary modifications to provide the service can feasibly be made at the Telephone Company's central office.
2. Call blocking is permitted from all residence and nonresidence individual and trunk lines, and Centrex and ESSX-1 service lines (subject to the limitations in 6.1. above).
3. Call blocking is available only on customer-dialed station-to-station calls.
4. Call blocking is available only to block "dial-it" type services as described in A. above, and cannot be implemented to block specific programs. (T)  
(T)
5. The nonrecurring charge for customer requested call blocking is waived when blocking is requested with the installation of new service or with the transfer of service from one address to a new address. (C)
6. Requests to remove customer requested call blocking must be made to the Telephone Company in writing. (C)
